Management Certifications

I hereby certify that:

- 1. I have reviewed the audited financial statements of United Way of Pierce County for the year ended December 31, 2016.
- 2. Based on my knowledge, these financial statements do not contain any untrue statement of a material fact or omit to state a material fact necessary to make the financial statements, in light of the circumstances under which statements were made, not misleading.
- 3. Based on my knowledge, the financial statements and other financial information included in this report, fairly present, in all material respects, the financial condition, results of operations and cash flows of United Way of Pierce County as of and for the year ended December 31, 2016.

Independent Auditor's Report

To the Board of Directors United Way of Pierce County Tacoma, Washington

Report on the Financial Statements

We have audited the accompanying financial statements of United Way of Pierce County, which comprise the balance sheets as of December 31, 2016 and 2015, the related statements of activities and changes in net assets, cash flows and functional expenses for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend upon the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Organization's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the Organization's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of United Way of Pierce County as of December 31, 2016 and 2015, and the results of its operations and its cash flows for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Notes to Financial Statements

Note 1. Summary of Significant Accounting Policies

Nature of activities: United Way of Pierce County (the Organization) is a Washington not-for-profit corporation organized for the purposes of assessing human service needs, developing financial resources from the public and private sectors, and investing those financial resources in urgent community human service needs in Pierce County, Washington, with an overarching vision of breaking the cycle of poverty for children and families.

Basis of accounting: The Organization prepares its financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP), which involves the application of accrual accounting. Consequently, revenue and gains are recognized when earned, and expenses and losses are recognized when incurred.

Net assets, revenue and expenses are classified based on the existence or absence of donor-imposed restrictions. The Organization's net assets and changes therein are classified into the following three categories:

- Unrestricted net assets represent expendable funds that are available for support to the
 Organization's operations. Certain of these amounts have been designated by the board of directors
 to be utilized for various programs.
- Temporarily restricted net assets consist of contributions that have been restricted by the donor for specific purposes or are not available for use until a specific time.
- Permanently restricted net assets consist of contributions with donor restrictions that stipulate the
 resources be maintained permanently, but permit the Organization to use or expend part or all of the
 income derived from the donated assets for either specified or unspecified purposes.

Revenue is reported as increases in unrestricted net assets unless use of the related assets is limited by donor-imposed restrictions. Expenses are reported as decreases in unrestricted net assets. Gains and losses on investments and other assets or liabilities are reported as increases or decreases in unrestricted net assets unless their use is restricted by explicit donor stipulation. Expirations of temporary restrictions on net assets (i.e., the donor-stipulated purpose has been fulfilled and/or the stipulated time period has elapsed) are reported as reclassifications between applicable classes of net assets.

Board-designated net assets: The Organization's governance has directed that unrestricted net assets be further classified as either designated or undesignated. The Organization's board has designated the following:

	2016	2015
		_
Betye Martin Baker Human Service Center	\$ 2,912,561	\$ 3,009,500
Community Impact	152,315	169,704
Endowment	3,675,412	3,417,136
Equipment	 116,026	157,858
Total board-designated net assets	\$ 6,856,314	\$ 6,754,198

2016

2015

Notes to Financial Statements

Note 1. Summary of Significant Accounting Policies (Continued)

Temporarily restricted net assets: Temporarily restricted net assets as of December 31 are available for the following purposes:

	 2016	2015
Campaign results, net	\$ 1,701,086	\$ 1,800,691
Education income and health	505,441	644,237
Housing	50,000	50,000
Total temporarily restricted net assets	\$ 2,256,527	\$ 2,494,928

Net assets released from restrictions during the years ended December 31 are as follows:

	2016	2015
Donor restrictions satisfied:		_
Release from prior campaign	\$ 1,800,691	\$ 2,402,207
Education income and health	 223,996	338,292
Total net assets released from restrictions	\$ 2,024,687	\$ 2,740,499

Permanently restricted net assets consist of one endowment, with permanently restricted net assets totaling approximately \$102,500 at both December 31, 2016 and 2015. Earnings from this endowment are included in temporarily restricted net assets to be used to support children and families.

Use of estimates: Preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosure of contingent assets and liabilities, at the date of the financial statements. Estimates also affect the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Cash and cash equivalents: For purposes of reporting cash flows, the Organization considers all cash accounts, which are not subject to withdrawal restrictions or penalties, and all highly liquid debt instruments purchased with an original maturity of three months or less to be cash equivalents.

The Organization maintains its cash in depository institution accounts, which, at times, may exceed federally insured limits. The Organization has not experienced any losses in such accounts.

Promises receivable: Donors typically pay total promises in installments over a 12-month period. The commencement date of payments will vary among donors; therefore, promises are usually collected within an 18-month cycle (campaign collection cycle). Unconditional promises to give that are expected to be collected within the campaign collection cycle are recorded at their net realizable value. Conditional promises to give are not included as support until such time as the conditions are substantially met and both the timing and the value of the promise are known with reasonable certainty.

All promises receivable are due within one campaign collection cycle. Allowances are provided by campaign year based on amounts estimated to be uncollectible, which are based on past collection experience. The allowance for uncollectibles for the current and prior year campaigns was estimated at \$242,000 and \$289,000 at December 31, 2016 and 2015, respectively.

Notes to Financial Statements

Note 1. Summary of Significant Accounting Policies (Continued)

Property, plant and equipment: Expenditures for fixed asset additions in excess of \$1,000 are capitalized at cost; the fair value of donated equipment is similarly capitalized. Depreciation is calculated on the straight-line and accelerated methods based on estimated useful lives of five to 10 years for equipment and 15 to 40 years for building and improvements. Contributed property and equipment are recorded at fair value at the date of donation.

Investments: Investments in equity securities with readily determinable fair values and all investments in debt securities are reported at fair value, with gains and losses included on the statements of activities and changes in net assets. Fair values are generally based on trading values on the open market.

Interest and other investment income are reported in the period earned as increases in unrestricted net assets unless the use of the assets is limited by donor-imposed restriction, in which case they are reported as increases in temporarily or permanently restricted assets. Gains and losses on investments are reported as increases or decreases in unrestricted net assets unless their use is temporarily or permanently restricted by explicit donor stipulation or law.

Deferred rent: The Organization has a contract with the State of Washington Department of Social and Health Services (DSHS) and has previously recorded a deferred rent liability of \$660,000, which is being amortized over the 25-year life of the responsibility to provide DSHS with space in the building. As of December 31, 2016 and 2015, the deferred rent liability is \$105,600 and \$132,000, respectively, of which \$26,400 is included in accounts payable and accrued expenses for both years.

Support and revenue: Gifts of cash and other assets are presented as restricted support if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets and reported on the statements of activities and changes in net assets as net assets released from restrictions.

The 15-16 campaign included \$568,813 of promises from the South Puget Sound Combined Federal Campaign (CFC). The majority of the CFC pledges are recognized as designated, not as net campaign revenue in the year earned, due to the timing of the CFC campaign. The Organization is a federation of CFC and does not charge any additional fees to the agencies that are attached to its federation other than those that are applied by law with CFC. Additionally, the Organization provides accounting and fundraising in support of CFC for a fee.

The majority of the designated funds from the 15-16 campaign have been paid out at December 31, 2016. The 2016-17 campaign was in progress at December 31, 2016, and includes estimated designations totaling \$616,700. Approximately \$87,300 of the estimated designations from the 2016-17 campaign were paid out by December 31, 2016. The remaining designations are included in agency funds payable in the accompanying financial statements.

The 14-15 campaign included \$838,715 of promises from the CFC. The majority of the CFC pledges are recognized as designated, not as net campaign revenue in the year earned, due to the timing of the CFC campaign. The Organization is a federation of CFC and does not charge any additional fees to the agencies that are attached to its federation other than those that are applied by law with CFC. Additionally, the Organization does provide accounting and fundraising in support of CFC for a fee.

Notes to Financial Statements

Note 1. Summary of Significant Accounting Policies (Continued)

The majority of the designated funds from the 14-15 campaign have been paid out at December 31, 2015. The 2015-16 campaign was in progress at December 31, 2015, and includes estimated designations totaling \$637,000. Approximately \$60,700 of the estimated designations from the 2015-16 campaign were paid out by December 31, 2015. The remaining designations are included in agency funds payable in the accompanying financial statements.

Payments and designations: Donors may designate their gifts to specific nonprofit agencies. The nonprofit agencies are required to provide the Organization with documentation of their tax-exempt status and verify Patriot Act compliance. The collection of these contributions and distributions to donor-specified agencies are transactions in which the Organization is acting as an agent. These transactions are not reported on the statements of activities and changes in net assets as revenue and expenses but are included in total campaign results as a reduction to gross campaign results. Amounts collected related to donor-specified agencies and held at year-end are reported as agency funds payable.

Functional expenses: Salaries and payroll related costs are allocated to the various supporting and program services of the Organization based on estimates of time incurred for the services by full-time equivalent staff. All other program costs not specifically identified are allocated based on estimates by management. These allocations are reviewed annually and changed as applicable to reflect changes in the activities of the Organization and its personnel.

Federal income taxes: No provision for income taxes has been made in the financial statements since the Organization is exempt from federal income taxes under Internal Revenue Code, Section 501(c)(3). Additionally, the Organization has done an assessment of any uncertain tax positions and has determined it has no uncertain tax positions to record as a liability at December 31, 2016 and 2015.

Forms 990 and 990-T, filed by the Organization, are subject to examination by the Internal Revenue Service, up to three years from the extended due date of each return. Generally, the Organization is no longer subject to income tax examinations for years prior to 2013.

Reclassifications: Certain account reclassifications have been made to the 2015 financial statements to conform to current year presentation. These reclassifications did not affect previously reported change in net assets.

Recent accounting pronouncements: In May 2014, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2014-09, *Revenue from Contracts with Customers* (*Topic 606*), requiring an entity to recognize the amount of revenue to which it expects to be entitled for the transfer of promised goods or services to customers. The updated standard will replace most existing revenue recognition guidance in U.S. GAAP when it becomes effective and permits the use of either a full retrospective or retrospective with cumulative effect transition method. Early adoption is not permitted. In August 2015, the FASB issued ASU 2015-14, which defers the effective date of ASU 2014-09 one year, making it effective for annual reporting periods beginning after December 15, 2018. The Organization has not yet selected a transition method and is currently evaluating the effect that the updated standard will have on the financial statements.

In February 2016, the FASB issued ASU 2016-02, *Leases (Topic 842)*, which sets out the principles for the recognition, measurement, presentation and disclosure of leases for both parties to a contract (i.e., lessees and lessors). The new standard requires lessors to account for leases using an approach that is substantially equivalent to existing guidance for sales-type leases, direct financing leases and operating leases. The standard is effective January 1, 2019, with early adoption permitted. The Organization is in the process of evaluating the impact of this new guidance.

Notes to Financial Statements

Note 1. Summary of Significant Accounting Policies (Continued)

In August 2016, the FASB issued ASU 2016-15, *Statement of Cash Flows (Topic 230): Classification of Certain Cash Receipts and Cash Payments*. ASU 2016-15 provides guidance on how certain cash receipts and cash payments should be presented and classified on the statements of cash flows with the objective of reducing existing diversity in practice with respect to these items. ASU 2016-15 will be effective for the Organization on January 1, 2019. Early adoption is permitted. ASU 2016-15 requires a retrospective transition method. However, if it is impracticable to apply the amendments retrospectively for some of the issues, the amendments for those issues would be applied prospectively as of the earliest date practicable. The Organization is currently evaluating the impact the adoption of this guidance will have on the statements of cash flows.

In August 2016, the FASB issued ASU 2016-14, *Not-for-Profit Entities (Topic 958): Presentation of Financial Statements of Not-for-Profit Entities,* which simplifies and improves how a not-for-profit organization classifies its net assets, as well as the information it presents in financial statements and notes about its liquidity, financial performance, and cash flows. Among other changes, the ASU replaces the three current classes of net assets with two new classes, "net assets with donor restrictions" and "net assets without donor restrictions", and expands disclosures about the nature and amount of any donor restrictions. ASU 2016-05 is effective for annual periods beginning after December 15, 2017, and interim periods within fiscal years beginning after December 15, 2018, with early adoption permitted. The Organization is currently evaluating the impact the adoption of this guidance will have on its financial statements.

Note 2. Rental Income

The Organization has entered into noncancellable leases with the building's tenants. Lease terms vary from one year to 10 years, with options to extend up to five years, and maturity dates through 2021. The Organization is responsible for all taxes, repairs and maintenance related directly to the building, costs of which may be passed through to the tenants. Future minimum rental receipts under the leases are as follows:

Years endin	ng December 31:
-------------	-----------------

2017	\$ 311,000
2018	275,000
2019	159,000
2020	159,000
2021	156,000
	\$ 1,060,000

Notes to Financial Statements

Note 2. Rental Income (Continued)

Rental income earned totaled \$317,183 and \$287,245 at December 31, 2016 and 2015, respectively, and is included in program income on the accompanying statements of activities and changes in net assets. Tenants that have signed lease agreements with the Organization, requiring monthly rental payments as of December 31, 2016, are as follows:

Cares of Washington	\$ 585
Child Care Aware	2,807
Multicare	7,638
First 5 FUNdamentals	575
Children's Museum	13,027
Olympia Buddhist Center	1,213
Violent Crime Victim Services	729
Total monthly rent	\$ 26,574

Note 3. Investments

Investments carried at fair value at December 31 consist of the following:

	Historical			
	 Cost		Value	
2016:				
Corporate bonds - current investments	\$ 804,808	\$	801,472	
Mutual funds - long-term investments	 3,200,225		3,841,299	
Total investments	\$ 4,005,033	\$	4,642,771	
2015:				
Corporate bonds - current investments	\$ 907,095	\$	901,426	
Mutual funds - long-term investments	 2,990,431		3,523,604	
Total investments	\$ 3,897,526	\$	4,425,030	

Included in total investments are board-designated funds totaling \$3,675,412 and \$3,417,135 at December 31, 2016 and 2015, respectively.

Investments are classified based on the intent of management. Bonds are expected to be used to fund operations and can be sold at that time. Mutual funds are intended to be held long term.

Notes to Financial Statements

Note 4. Property, Plant and Equipment

Property, plant and equipment consist of the following at December 31:

	2016	2015
Land	\$ 618,300	\$ 618,300
Building	5,770,345	5,770,346
Furniture and equipment	776,627	781,214
	7,165,272	7,169,860
Less accumulated depreciation	4,224,593	4,033,570
Property, plant and equipment, net	\$ 2,940,679	\$ 3,136,290

Note 5. Retirement Plan

The Organization sponsors a 403(b) defined contribution plan for its eligible employees. The Organization currently contributes, at a minimum, 5 percent of each employee's base salary. Annual matching contributions of up to 20 percent of employee contributions are made at management's discretion. Matching contributions made by the Organization for the years ended December 31, 2016 and 2015, totaled \$79,765 and \$86,817, respectively.

Note 6. Contributed Goods and Services

The Organization operates a gifts in-kind program that accepts donations of products from businesses and individuals. These products are then given by the Organization to other not-for-profit agencies that can benefit by their use. Gifts of new items from retail stores are valued at fair market value. Gifts from individuals are valued at thrift store value.

Employees of local companies participating in the United Way Campaign Executives Program for the year ended December 31, 2016, volunteered 560 hours, valued at \$16,234 and December 31, 2015, volunteered 1,120 hours, valued at \$30,845, based on rates established by Independent Sector, a research firm. These volunteers assist the Organization mainly during the annual fund drive in the fall of each year. These services are not recognized in the accompanying financial statements because they do not meet recognition criteria.

The Organization receives sponsorships from corporations to fund special events and campaign executive costs. For the years ended December 31, 2016 and 2015, those costs were \$52,000 and \$52,125, respectively. In addition, local media have provided advertising on a pro bono basis totaling \$101,632 and \$100,379 as of December 31, 2016 and 2015, respectively. The costs associated with the special events, loaned executive costs and donated advertising are included on the statements of functional expenses, in marketing and community education, although no donor funds were expended to provide these goods and services as these items were donated.

A substantial number of other volunteers and corporations have donated time and services to the Organization. No amounts have been reflected in the financial statements for donated services, since no objective basis is available to measure the value of these services.

Notes to Financial Statements

Note 7. Grant Payable

The Organization has made a promise to pay the Boys & Girls Clubs of South Puget Sound \$1 million over 10 years, to be used for the operations of their Hope Centers. The remaining payment of \$98,560, net of related discount, was paid in full during 2016.

Note 8. Fair Values Measured on a Recurring Basis

The Organization's investments are valued under the fair value hierarchy established by authoritative guidance whereby Level 1 inputs are based on quoted market prices in active markets for identical assets or liabilities; Level 2 inputs are based primarily on observable market based inputs or unobservable inputs that are corroborated by market data; and Level 3 inputs are valued using unobservable inputs that are not corroborated by market data. Valuation techniques utilized to determine fair value are consistently applied. Level 2 investments consist primarily of bonds at December 31, 2016 and 2015.

	Fair Value Measurements as of December 31, 2016, Using

Note 9. Endowment

The Organization's endowment consists of two individual funds established to support programs intended to continue to provide support for human service needs in the community. Its endowment includes both donor-restricted endowment funds and funds designated by the board of directors to function as endowments. As required by generally accepted accounting principles, net assets associated with endowment funds, including funds designated by the board of directors to function as endowments, are classified and reported based on the existence or absence of donor-imposed restrictions.

Notes to Financial Statements

Note 9. Endowment (Continued)

Interpretation of relevant law: The Organization has interpreted the Uniform Prudent Management of Institutional Funds Act (UPMIFA) adopted by the 2009 Washington legislature as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, the Organization classifies as permanently restricted net assets: (a) the original value of gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment, and (c) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. The remaining portion of the donor-restricted endowment fund that is not classified in permanently restricted net assets is classified as temporarily restricted net assets until those amounts are appropriated for expenditure by the Organization in a manner consistent with the standard of prudence prescribed by the state of Washington in its enacted version of UPMIFA. In accordance with UPMIFA, the Organization considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds: (1) the duration and preservation of the endowment fund: (2) the purposes of the Organization and the donor-restricted endowment fund; (3) general economic conditions; (4) the possible effect of inflation and deflation; (5) the expected total return from income and the appreciation of investments; (6) other resources of the Organization; and (7) the investment policies of the Organization.

Endowment net assets composition by type of fund is as follows:

		Temporarily	Permanently	
	Unrestricted	Restricted	Restricted	Total
December 31, 2016:				
Donor-restricted endowment funds	\$ -	\$ 112,788	\$ 102,452	\$ 215,240
Board-designated endowment funds	3,675,412	-	-	3,675,412
	\$ 3,675,412	\$ 112,788	\$ 102,452	\$ 3,890,652
December 31, 2015:				
Donor-restricted endowment funds	\$ -	\$ 95,716	\$ 102,452	\$ 198,168
Board-designated endowment funds	3,417,136	-	-	3,417,136
	\$ 3,417,136	\$ 95,716	\$ 102,452	\$ 3,615,304

^{*} These earnings are included in education, income and health temporarily restricted net assets.

Funds with deficiencies: From time to time, the fair value of assets associated with individual donor-restricted endowment funds may fall below the level that the donor requires the Organization to retain as a fund of perpetual duration. Deficiencies, should they occur, would be the result of unfavorable market fluctuations that occurred shortly after the investment of new permanently restricted contributions and continued appropriation for certain programs that were deemed prudent by the board of directors. At December 31, 2016 and 2015, the Organization did not have any funds with deficiencies.

Return objectives and risk parameters: The Organization has adopted investment policies for endowment assets with a primary objective to provide a dependable source of inflation-adjusted income and to ensure a total return (yield plus capital appreciation) necessary to preserve and enhance (in real dollar terms) the principal of the endowment. Under this policy, as approved by the finance committee of the board of directors, the endowment assets are invested in a manner that is intended to produce appropriate results while assuming a moderate level of investment risk.

Strategies employed for achieving objectives: To satisfy its long-term rate-of-return objectives, the Organization relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends). The Organization targets a diversified asset allocation of equities, fixed income securities, and cash held in money market funds to achieve its long-term return objectives within prudent risk constraints.

Notes to Financial Statements

Note 9 Endowment (Continued)

Spending policy and how the investment objectives relate to spending policy:

Board-designated endowments: The board-designated endowment fund is established in perpetuity. The principal of the board-designated endowment fund will remain intact and only the earnings will be used for funding. Such funding may include programs, or to offset administrative and fundraising costs, or for such other purposes as the board may determine consistent with this policy. However, in the event of a natural disaster, funding reversal or similar unexpected situation, principal may be moved from the board-designated endowment to support operating expenses or to honor commitments made to fund local programs. To establish momentum, the first transfer of earnings will not occur until the principal and accumulated earnings of the endowment fund reaches \$10 million.

These investments are classified as long term, as the intent is to hold the investments; although, the board may decide to use these funds for current operations or provide emergency funding in the future.

Donor-restricted endowments: The spending policy for donor-restricted endowments varies according to the restrictions stipulated in the underlying agreement.

Note 10. Subsequent Events

The Organization has evaluated subsequent events through May 17, 2017, which is the date the financial statements were available to be issued.

RSM US LLP

Independent Auditor's Report on the Supplementary Information

To the Board of Directors United Way of Pierce County Tacoma, Washington

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplementary information, distributions to agency programs, is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements, or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

Other Matter

Our audit was conducted for the purpose of forming an opinion on the basic financial statements as a whole. The 2016 Audit - Other Highlights information is presented for purposes of additional analysis and is not a required part of the financial statements. Such information has not been subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we do not express an opinion or provide any assurance on it.

RSM US LLP

Tacoma, Washington May 17, 2017

United Way of Pierce County 2016 Audit - Other Highlights

This additional information is intended to give the reader other information about their investment in United Way of Pierce County that is not part of the audited financials, but makes a difference in the community in assisting other nonprofits and individuals needing assistance.

2016 Volunteer Engagement Efforts

United Way convenes community volunteers to assist other Pierce County nonprofits each year. Because of our efforts, volunteer engagement programming engaged 1,233 volunteers in 89,320 hours of service valued at \$2,104,380. The value comes from an organization called the Independent Sector.

FamilyWize

Our 2-1-1 HelpLine referral center connects 80,000 people that need help with other nonprofits who can potentially help them. One part of the referral efforts is a relationship we have with FamilyWize, an organization that negotiates deep discounts on prescriptions with pharmacies across America. Individuals using the program collectively saved \$144,255.

Leveraged Gifts

State Farm gave a gift to the Local Initiative Support Corporation (LISC) that then came back to our community to our two Centers for Strong Families collaboration. Gifts went directly to Goodwill and Sound Outreach; however, the resources were a direct result of our outreach to State Farm and their alignment to financial stability.

Beyte Martin Baker Human Service Center

United Way owns their own building free and clear and offers the nonprofit tenants an average of 30 percent below market rents; thus, saving nonprofits additional money for their mission. The childcare center in the building receives rates that are 70 percent below market.
